

Notice

Welcome to the VocabTraining app ! Learn and play while having fun ! Enjoy !

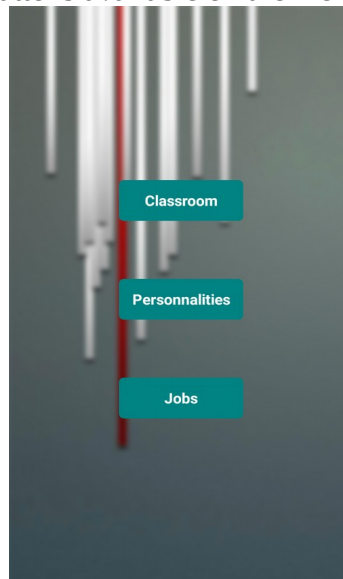

When you start the application, you will be on the main menu. Two buttons will be proposed :
Learn your list of vocabularies or play to train you.

If you choose to learn or remember your vocabulary list, please click on «Vocab List». To play, click on «Play».

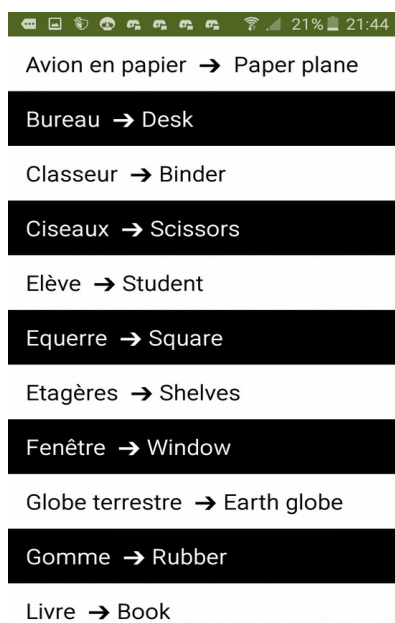

Vocab List

The different lists of vocabularies are classified by themes. To choose a theme, click one of the buttons available on the menu.

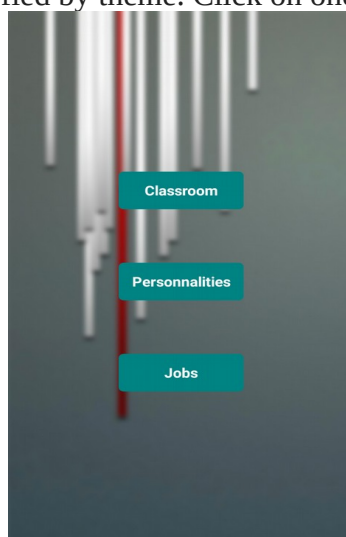

Your list of vocabularies is now available. Some lists are sometimes long ... Scroll the screen.

Note: Press the Back button on your phone to return to the previous screen.

Play

The games are classified by theme. Click on one of them to access it.

The game starts as soon as you click on the theme. An image appears along with a button and a number "0" at the bottom left of the screen. Here are the rules: Click on the button, a voice then says the name of an image. From this given name, you have to press the corresponding image. If you click on the right image, you earn points and the voice says "Good answer". If not, you lose and the voice says "Wrong answer". To change the word, press the button again.

Get maximum points to win. A victory screen appears. Press the Back. button to return to the main menu.
